دُروود و استغفار Durood & Istighfar

"I highlighted this point a few months ago saying that we must give special attention to this. In addition to Durood, one ought to seek forgiveness as well, and the Ansar should become exemplary in this regard. In fact, they should launch a campaign in which not only Ansar, but all the members of their households are also encouraged give increased attention to Durood and Istighfar."
